## Gear Up for Summer

**By BETSY BETHEL**  
**Life Associate Editor**

The summer sun brings with it carefree days without the need for bundling up or shoveling snow. But summer has its share of must-have gear – for vacations, camp and every day. Below are some of 2010's newest offerings to ensure fun in the sun all summer long.

### Snazzy Baby Travel Chair

My Baby's Own Deluxe Travel Chair by Snazzy Baby turns a shopping cart or an ordinary chair into a temporary restraint system. It has a non-slip bottom that keeps it in place, and can even be used on your lap to keep your baby secure.

The foldable, portable chair easily can be tucked into a diaper bag. Use for babies and tots up to 37 pounds. Available online at all major baby product retailers in red or navy or exclusively in black, called the Sit Seat, at One Step Ahead.
